

WASHINGTON, D.C.

MARY BONO MACK
MEMBER OF CONGRESS
CALIFORNIA

April 28, 2010

It is a great pleasure to welcome you to the Best-Out-Of-School-Time Conference in Palm Springs. While attending this conference you will be able to view the latest trends and research in out-of-school-time programming.

The BOOST conference helps to provide after school professionals with the latest information and practices on after school educational practices, so that they can continue to provide exemplary service to students involved in out-of-school activities. The Conference's outstanding efforts to promote education and provide up-to-date information to professionals will benefit all students taking part in BOOST programs.

The annual Best-Out-Of-School-Time Conference provides attendees with quality professional development opportunities, program and resource development, and promotes the importance of quality out-of-school time programming. This conference will also build community partnerships, and extend opportunities to share promising practices with your colleagues across the state of California.

Again, welcome to Palm Springs, I hope you have an enjoyable stay. I extend my best wishes for a very enjoyable conference!

Sincerely,

MARY BONO MACK
Member of Congress
