

BOOST Boot Camp

Preparing your staff with the necessary tools needed to be successful prior to working on site is essential. The BOOST Boot Camp offers targeted, intensive seminars that include valuable tips, tools and resources to help out-of-school time staff be successful working with children, families, schools and communities. Staff will leave equipped, trained and inspired to thrive in the out-of-school time hours.

Day 1:

Focus Area: Program Fundamentals

Quality Counts!

Join this interactive workshop where participants will brainstorm steps for setting up the logistical systems required to successfully operate their after school program. This cooperative learning workshop will allow participants to share promising practices and assist in providing better outcomes for children and youth in areas of human relations; indoor & outdoor environments; activities; safety, health & nutrition; and administration.

Team Building Builds Strength

There is no "I" in TEAM! This workshop will provide activities and creative ideas to enhance the team building, management, leadership, and group problem solving. We encourage you to attend with your staff team- team building is best when experienced hands-on!

The Art of Leadership, Part 1

Discover the leader within you! This hands-on, interactive series will help you develop your skills as a leader and inspire others. This six-part series will help you discover what kind of leader you are, how to grow a vision, how to develop your skills as an effective leader.

Day 2:

Focus Areas: Building Relationships & Program Environment

No Parent Left Behind

This workshop will explore simple steps to help participants learn how to deal with the challenging parent situations they encounter in their programs through interactive scenarios and sharing of promising practices with peers. Leave those difficult situations behind and go back to your program feeling empowered and eager to work with and build relationships with your program parents!

Classroom Success for After School Programs

Don't get caught unprepared! Learn strategies to create effective policies and procedures in your after school program. Get into a routine of clear expectations with your students by creating a culture and climate of respect and learning in your program.

Positive Discipline in After School

Carve out a plan for promoting positive behavior and planning for on-task behavior in your after school program. Go back to your program with proven strategies and techniques to praise and reward students, reinforce positive behaviors, and increase the success of all students.

Day 3:

Focus Area: **Academic Enrichment**

Sizzling Science

Youth learn about the world and science - every day, by noticing, wondering, asking questions, and then searching for their own answers. Spark interest and generate excitement in your after school program through hands-on science activities! Get creative in **Tia's Imagination Stations** and learn fun activities that will stimulate and sizzle the minds of youth in your program.

Twisted Math

Support elementary and middle school math by providing opportunities for young people to apply their knowledge and skills through hands-on activities. In this workshop you will discover new and innovative ways to connect your students through fun, practical math activities aligned to content standards.

Toolkit for Success

Toolkit for Success is an interactive and fun workshop aligned to content standards. These disguised learning approaches for new after school staff will engage and excite participants working with elementary school students. Participants will work in small groups and participant in ten (10) Activity Centers based in science, literacy, and math activities. Within each activity are countless variations which participants will share out as additional project ideas at the end of the training. These simple yet academically enriching ideas are perfect when students complete their homework assignments and can be implemented as small or large group activities with almost no cost!
